

Publisher 2016 Introduction

Length: 1 Day

Summary: This is an introduction to the publishing tools and features of MS Publisher.

Prerequisites: The course assumes no previous experience of Publisher, nor of similar design applications. Delegates should have a very clear understanding of the Windows operating system however and use of a word processor would help (especially Microsoft Word).

COURSE CONTENT

1: GETTING STARTED

- Laying out a new publication
- Using a template
- The publisher window
- Using the zoom feature
- Saving, closing, and opening a publication
