

Deliver Personalized Onboarding Experiences with AI

Length: 1/2 Day

COURSE CONTENT

Boost performance in the field with always-on AI coaches and enhance new employee onboarding chatbots. At the end of this course, you'll be able to:

- Design an interactive chatbot that serves as an individual coach for new employees, new roles, or field service employees who need real-time support outside of the office.
- Create a test plan for your chatbot
- Create a pilot plan for your chatbot
